

## First Times Empathy Cards for Parents

The edifying messages in the Motherwise First Times Empathy Cards fit conveniently into most envelopes. Mail them with a return address and signature, or leave anonymously for someone experiencing a "first time." Simply print a copy, cut on the dotted lines, fold on the solid lines and share with someone whom you would like to say, "Been there, done that."

*Word from the Motherwise:  
Stick to kid-approved activities - buying snacks, driving them places, answering doors.*

**Remind them it could be worse. They could have had your parents.**
